Meetings are usually scheduled for the first Monday of every month. Dates denoted by an \* are those scheduled for the second week of the month due to a holiday or the Pediatric Annual Meetings (May). All meetings take place at 5:00 pm on 10-5/6 East Pavilion, YNHH, the Hospital Research Unit, Conference room 10-523. Investigators will be notified of the approximate time of presentation of their protocol.

Please e-mail all protocol documents to [gina.dagostino@yale.edu](mailto:gina.dagostino@yale.edu). Protocols are accepted on a continuous basis. Non-interventional, minimal risk protocols may be administratively reviewed by the Chair, Dr. Thomas Carpenter. Interventional studies that are deemed greater than minimal risk to minors will be scheduled for PPRC primary review and for the next available committee date. Investigators will be notified regarding receipt of their protocol and disposition for review upon receipt of all documents including HIC application and consent documents (parental permission, consent, and assent forms, as applicable) and sponsor protocol (where appropriate.)

PPRC submission will be accomplished via the on-line COEUS system in the near future. Further information will be forthcoming from the Human Investigation Committee (HIC.)
